PointBridge is a consulting company that works with customers to improve their business performance by connecting people to people and people to information with Microsoft technologies. We build award-winning collaboration and business intelligence solutions with Microsoft technologies including SharePoint, Exchange, Office Communications Server, and SQL Server.

Position Summary:

Consultants at PointBridge contribute directly to our mission by working with customers to solve their business problems and improve business performance. You will solve these problems by working in an energetic, team-oriented environment collaborating with smart, motivated people.

Responsibilities:

- Work on a team to design, build, stabilize and deploy applications using SharePoint (MOSS 2007) and several core technologies including Microsoft .NET, ASP.NET, SQL Server, XML, Web Services and C#
- Participate in customer team meetings to gather business and technical requirements for projects
- Participate in team meetings to discuss ongoing project status and deliverables
- Apply and share knowledge; contribute ideas and opinions

Knowledge, Skills, Certifications:

- Strong SharePoint 2007 development experience
- Strong .NET development experience using ASP.NET, C# and related technologies
- Microsoft SQL Server database design and development
- Use of Team Foundation Server to complete full development lifecycle desirable

Additional requirements for all PointBridge employees:

- Strong communication skills and ability to present to small/medium groups
- Strong customer relationship skills
- Ability to work well in a team environment
- Demonstrated ability to successfully multi-task
- High energy and a self-starter
- Proficient in Microsoft Office applications
- Demonstrated ability to embrace and support our Core Values

Culture and Values

Candidates of PointBridge must exude the qualities that are core to the values of PointBridge:

- **Customer Experience**—*Delivering beyond expectations through not only the quality of our work but the quality of service we deliver to every customer*
- **Entrepreneurial Passion**—*Ambition to aggressively drive growth embracing change and continuous improvement*
- **Technical Brilliance; Total Reliability**—*Discipline in mastering our craft through pride, leadership, and accountability in our work*
- **Winning Together**—*Teaming with, and respect for, co-workers, customers, partners and the community to build lasting relationships that drive results*
- **Integrity**—*Delivering what we promise and always choosing to do the right thing*
